

**BPM IS MAIN SPONSOR OF THE INAUGURAL PUBLIC SECTOR PORTFOLIO  
MANAGEMENT 2009 CONFERENCE AND EXHIBITION**

13 November 2008 – London

BPM announces it will be the main sponsor of the inaugural Public Sector Portfolio Management 2009 Conference and Exhibition. This event provides access to the latest information on strategy and innovation regarding the implementation of management theory and organisational business change and development.

The Conference is split into three distinct sessions – a focus on Policy and Best Practice, the Change Management Process and the Future Challenges – it targets corporate-level decision makers and those charged with developing Portfolio Management on the ground.

This conference will examine the following Themes:

- IT development in driving efficiency and excellence in service delivery
- The role of Transformational Government
- Leadership and the Business Change Process
- Benefits Realisation – measuring performance and outcomes
- Budget and Resource Planning – aligning strategy with delivery
- Management of Risk
- The Role of Standards and Best Practice
- The Challenge of Portfolio Management in Shared Services
- The Cultural Change Process

For those in industry, this event provides a highly targeted but flexible environment in which to raise awareness of BPM's latest innovations and services available.

The event is to be held on 22<sup>nd</sup> January 2009 at the IET, London
